Step Outdoors

ATV-Rodeo
Level 3

OBJECTIVE
1. To test riders on their acquired ATV operation theory.
2. To test riders on their ability to exhibit this theory through the safe operation of an ATV.

MATERIALS REQUIRED
Large area of terrain suitable for the demonstration of safe riding techniques, ATV's, safety gear.

DISCUSSION
Select a location where participants can practice riding ATV's under direct supervision. Set up a safety rodeo course to test riders' abilities.

ACTIVITY
Establish the following suitable supervised checkpoints within the Rodeo Course:

Checkpoint 1.
- Pre-ride Inspection, Protective gear and Safety

Checkpoint 2.
- Signals for group rides

Checkpoint 3.
- Maneuvering around pylons making right and left hand turns

Checkpoint 4.
- Riding uphill, downhill and side hill.

EXTENSION
Have participants go on a 2-3 hour group ride under the supervision of adult leaders.

Time: 2 **hours**
Intro: 10 min
Activity: 90 min
Discussion and Review: 20 min

Safety
Operation of a Motorized Vehicle
