

IT'S YOUR WAKE-UP CALL!!

The way to win a battle is to sit back and let the enemy think that you have lost interest in the war.

There is concern that the enemy is tricking us into thinking that they have lost interest in the war against the Spring Bear Hunt here in Manitoba. **Don't be fooled!**

The forces that set to work and were successful in having the Spring bear hunt cancelled in Ontario are still out there and they are as determined as ever. Anti-hunting alliances are being formed to put the same kinds of pressure on our government. We must continue to make it clear to the decision makers here in Manitoba that we continue to support their efforts to keep Spring bear hunting in this province or we should not be surprised if their attitudes change.

You can do your part to support the continuation of the Spring bear hunt in Manitoba by writing to the Minister of Conservation and/or the Premier and letting him and his government know that we are still looking for and appreciate the maintenance of hunting opportunities in this province.

The Hon. Gary Doer
Premier of Manitoba
Room 204 Legislative Bldg.
450 Broadway
Winnipeg, MB R3C 0V8

The Hon. Steve Ashton
Minister of Conservation
Room 333 Legislative Bldg.
450 Broadway
Winnipeg, MB R3C 0V8
